## Accident Increases Tomato Shortage

A two and a half ton truck of very ripe tomatoes drove away from an accident at the intersection of Lancaster Ave. and Clough Rd., Wynnewood, Friday, with load considerably lighter than a few minutes earlier.

And the driver and his helper drove away with blisters on their hands from shoveling.

The truck hit an automobile driven by Cliff Stewart, of Fayette, Pa., and the ensuing jar broke a rope which secured the bushel baskets of tomatoes in the truck.

Result—almost half the load of tomatoes spilled on Lancaster Ave. The conglomeration was cleaned up by the driver of the truck, Melvin S. Most, of Elverson, Pa., and his helper—hence the blisters.

## Red Cross Plans Clothing Drive

Meeting Called For Tuesday Morning by Local Branch

A special meeting of the Main Line Branch, American Red Cross, has been called for Tuesday morning to discuss plans for a Production Department drive for clothing relief at home and overseas.

Guest speaker will be George Roberts More, Deputy Director, Civilian Relief, Insular and Foreign Operations of the Red Cross, who will explain the reasons for continuing clothing collections.

During the war, the Production Department concentrated on surgical dressings and other hospital supplies, but with the end of the war, the need for these items has decreased, with a counter rise in the demand for wearing apparel and clothing for underprivileged and in war ravaged countries.

Despite the fact that all quotas have been fulfilled, a great many volunteers have since retired from regular service. This is attributed for the most part to a resumption of a normal domestic life now that servicemen have returned home.

Because of the new clothing quotas, these workers and others will be asked to serve once more for a few hours each week. Invitations to attend the meeting have been issued to every branch production worker, to church and school representatives and other social groups who may wish to form Production Units.

More, whose experience in relief work began during the Ohio Mississippi Valley flood in 1936, will make several other speaking engagements in the Southeastern Pennsylvania area in an effort to rekindle the wartime spirit which manifested itself in record-breaking wartime production efforts.

The Rev. William Warren will be the guest speaker at the October 10 meeting. He will speak on what churches expect of the politicians.

## Town Talk

... Being a Column of Chatter About People You Know ...

By DOROTHY M. OGDEN

Have you ever heard about the old Philadelphia and Columbia Railroad which used to run along Montgomery Pike?

Well, if Sgt. Frank Flynn, who has charge of the Lower Merion Police Pistol Range in Penn Valley, hadn't happened to mention that the fireplace in the Range House has two "fish plates" stuck in its sides, I wouldn't have heard of it, either.

He said the "fish plates" were iron clamps which hold railroad ties and rails in place, and that these two had come from the Boro of Narberth.

Thought you might be interested to know how a feature story comes about. Sgt. Flynn started the ball rolling in this case.

From him it was only a step to getting in touch with Harold Wland, director for publicity of the Pennsylvania Railroad. He, in turn, said that the Philadelphia and Columbia Railroad had been partly absorbed by the Reading and suggested I see John Green, their publicity man.

Mr. Green said he had just about the only book containing a full history of the Reading. He was sure I could find material relating to the Philadelphia and Columbia in it.

After I got in touch with several people in the Township and Boro, like Tom Merkle, of 523 Wynnewood, I was back on the job.

## Totalitarianism Big Problem of Today

Congressman Speaker At Optimist Meeting In Llanerch

Congressman Samuel K. McConnell, Jr., told members of the Ardmore Optimist Club that the greatest problem facing the people of America today is the centralization of power in government.

McConnell, a candidate for reelection, spoke at a meeting of the group held Tuesday in the Llanerch Country Club.

Wrong Attitude

"The U. S. Constitution was written with the express purpose of avoiding centralization," he said, adding that the failure of community charity drives must be blamed on the attitude of letting "Government do it."

McConnell stated that "the balance of power must always stay in the individual community. Each community must assume responsibility for its own activities."

True Representatives

The Montgomery County Representatives concluded by stating that "members of Congress are true representatives of the people who elect them. Even their actions are representative of the people."

Dr. Kermit Lyman, president of the organization, presided at the meeting. The speaker was introduced by Edward Strobach, of Ardmore.

Red Cross Asks For First Aid Teachers

## Man, 29, Escapes Death in Accident

School Chef Hurt Critically Early Sat. Morning

A 29-year-old chef employed by the Sisters of Mercy Academy, Merion, narrowly escaped death early Saturday morning when he was thrown from his car as it crashed into a tree on Montgomery Ave. near Hansell Rd., Penn Valley.

The victim, Donald A. Pollock, was taken to Bryn Mawr Hospital suffering a possible broken neck. He remained unconscious for almost two days.

Lower Merion Township Patrolman Bruce Valentine, of the Accident Investigation Squad, said Pollock's car, a convertible coupe, careened off Montgomery Ave., between Hansell and Wynnewood Rds., climbed over the curb and turned over as it crashed into a tree.

Pollock was thrown to the street by the impact of the crash. The car then smashed into another tree and fell, on its side, into the street. It was almost completely demolished.

Police were called to the scene of the accident by William H. Epp, of the Elm Garden Apts., 1301 Montgomery Ave., Penn Valley, who was aroused by the sound of the crash. Pollock's body was found lying in the street.

Valentine said he measured a skid mark 340 feet long on Montgomery Ave., between Wynnewood and Hansell Rds.

## Man, 22, Arrested As 'Peeping Tom'

When is a "Peeping Tom" not a "Peeping Tom"? That's the question Justice of the Peace Franklin P. Kromer had to decide Sunday afternoon when a suspect was brought before him.

Twenty-two-year-old John Moss, of 659 Dayton Rd., Bryn Mawr, told Squire Kromer he was looking for a "Peeping Tom" Saturday night when two men nabbed him peering into several windows of the Bryn Mawr Gables Apartments, Bryn Mawr.

The men, James Huston, of Bryn Mawr Gables, and John Hall, of Philadelphia, a visitor, told Kromer they watched Moss peek into four apartment windows that when he reached the fifth, he grabbed him.

They said he certainly looked like the "Peeping Tom" that had been bothering neighbors the past several days.

Kromer weighed the two versions of the same story, made his choice, and fined Moss \$10 and costs.

"We have facilities for only 40 operators to work at one time," Miss Dooley said, "but more equipment is on order. During the busy hours, the switchboards are always staffed to capacity, but sometimes calls come in so fast that there may be a delay before the operator can respond to a signal on her switchboard."

Miss Dooley added that more girls were needed to staff the office. She said that girls had been brought from the Western part of Pennsylvania for several months at a time to fill vacancies.

## Contractors Won't Bid On Road Repairs

Wynnewood Road Curve Removal Plans Balked

BIDS TO BE ASKED AGAIN

State Highway plans to eliminate the curve on E. Wynnewood Rd., Narberth, have been indefinitely delayed by the failure of contractors to bid on the project.

Will Try Again

State officials have announced that they will advertise for bids once more to see if they have a little better luck. Bids will be accepted Oct. 18, they said.

In co-operation with Lower Merion Township and the Borough of Narberth, the State Highway Department had planned to remove the E. Wynnewood Rd. curve early this fall, and was to have borne most of the costs of the project.

It was expected that Narberth Borough would pay the expenses of draining the new stretch of road and that Lower Merion would construct the approaches at both ends.

State Work Entirely

The work was to have been undertaken entirely by the State. Continued on Page Two

## Town Talk

Continued from Page 1

wood Ave., Narberth; Mrs. George Harold Wilson, of North Rockland Ave., Merion; and Kennard W. Gregory, of 2928 Morris Rd., Ardmore, the following story evolved.

In 1826, the Commonwealth of Pennsylvania undertook the construction of a series of canals and railroads to connect Pittsburgh and Philadelphia. The Philadelphia and Columbia Railroad, a part of the scheme, was constructed in 1833-34. It was 81 miles long and was connected with the Allegheny Portage Railroad, by the Eastern and Juniata Divisions of the Pennsylvania Canal.

According to the History of the Railroads and Canals was dominated by politics, much to the detriment of service. People finally became so disgusted with what is now known as the Main Line, the railroad entered Lower Merion Township at Bala and followed for a short distance the present-day Norristown branch of the Pennsylvania. At Montgomery Ave., near the present Cynwyd station, the line took a turn up Bala Ave., meeting Levering Mill Rd. at the Bala-Cynwyd Methodist Church. From there it traveled up Montgomery Ave., going above Lower Merion High School, and crossing below the present freight station at Ardmore, then called Athensville. From there it stayed on what is now the Main Line of the Pennsylvania almost to Haverford at which point it crossed to Railroad Ave., Haverford, and stopped at Whitehall Station, where Railroad Ave. crosses Haverford Rd. below Bryn Mawr Hospital. The Thrift Shop at Glenbrook and County Line Rds. was the Whitehall Station, by the way. The line then followed Eastbrook Rd. past the Vaulchain estate, and came back to the Pennsylvania Line as we know it today, through Conestoga Mill and into Rosemont. It left the Township, going West to Columbia (which is on the Susquehanna River midway between Lancaster and York), at a point above Villanova College.

In 1850 the State decided to by-pass the Belmont Plateau as a way out of the city and began the construction of a line from Ardmore (Athensville), through Overbrook and West Philadelphia and eventually to 11th and Market Sts. over a bridge on Market St. This was the beginning of the end of the Montgomery and Bala Ave. railroad.

When the State sold the line to the Pennsylvania in 1857, the Montgomery Ave. section, abandoned for several years in favor of the line through Overbrook, was torn up and the rails, purchased by Percival and Algernon Roberts, removed to their mill at Pencoyd.

One of the "fish plates," removed when the rails were being torn up, in some manner found its way to the fireplace of the Police Pistol Range. How, no one will probably ever know.

After it bought the trackage of the old Philadelphia and Columbia, the Pennsylvania built stations on the Overbrook-West Philadelphia line at Merion and Narberth.

A line connecting Cynwyd, at the beginning of the abandoned section, with Norristown, was built later. Today, therefore, it's no longer possible to go by train from Bala or Cynwyd to Ardmore or Haverford, as it used to be before the Montgomery Ave. line was torn up.

Incidentally, there is a house down on Shady Lane, Narberth, which was once the Libertyville station of the Philadelphia and Columbia—I think it belongs to the Boardmans, now.

# INSIDE WASHINGTON— No Action Planned To Restore Ceilings On Five Commodities

(Special to Central Press)  
WASHINGTON—The Price Control Board plans no action to restore ceilings on tobacco, tobacco products, petroleum products, poultry and eggs unless the OPA demands that controls go back on these commodities.

Under the new price control law these commodities remain free of ceilings unless the board rules that they should be re-controlled.

A spokesman for the board said that the group will act only if Price Administrator Porter asks for restoration of controls. In such event the board probably will hold public hearings on the question and listen to arguments in favor of continued decontrol.

Porter recently stated that OPA would watch the prices of those commodities and if it noted any "unreasonable" price rise would request the reimposition of ceilings.

He said that already there had been some slight jump in fuel oil prices, but that other petroleum prices were remaining stabilized at their present levels.

As for tobacco, tobacco products, poultry and eggs, the OPA chief reported that to date there had been no substantial gain in prices that would justify recontrol of these commodities.

While Washington worries about what the Soviet "master plan" may be, nothing in current circulation is more serenely suggestive of peace than the "Soviet Information Bulletin."

During the war it carried the writings of some of the best of the Russian authors. Often it gave hints of the Soviet political views on current questions in a warring world.

Material for the bulletin is supplied through short wave transmitter which in war-time carried in code special instructions of a technical nature for its supply and military missions in the United States.

Now is dealt primarily in cultural relations with the United States and developments in the Soviet Union of a strictly non-political nature.

A recent issue, for example, devotes itself largely to a forthcoming international chess match between a Soviet team of champions and some American experts. The bulletin recalls that the Russians beat the Americans last year and invited them to come to a return match.

No implication that Foreign Secretary Vyacheslav Molotov and his team has beaten other powers or been beaten by them at the international chess board. The plan is mentioned—nor is there any suggestion of return matches to come.

For the rest of the recent issue, it discusses collective farming, the five-year plan for power plants, restoration of health resorts, many of which were closed during the war, and the development of river transportation.

Of possible political significance were two articles on the oil fields of Baku and the Soviet Republic of Azerbaijan, both possible centers of friction with the British.

## PARENTS' PROBLEMS

### Parents Cautioned Against Repetition Of Forbidding; Use Penalty At Once

By GARRY CLEVELAND MYERS, Ph. D.

One reason many young children get scolded and punished so much is because the mother usually waits till she gets good and mad before she tries to make her word good. The youngster naturally goes on ignoring her forbidding as long as he can. Sometimes, he escapes final punishment by stopping when he thinks the sound of her voice indicates the danger point.

Why will mothers make such tools of themselves?

To me, it is exasperating to hear any mother repeat a forbidding which was clearly made. What irks me most is that the youngster must eventually pay a heavy penalty. Besides, it reveals a lack of integrity in the mother.

**Learns Disobedience**  
What is more, the child learns disobedience, and when at last he does surrender, he usually does so with great emotional resistance. He may be very unhappy and his mother may have been vexed beyond description.

I wish I might persuade the young mother rarely to say "No" or "Don't," but having said it, never to repeat it but to use instead an effective penalty at once. In those instances which will surely come up again and again, there should be no occasion for her ever to repeat a definite forbidding that was clearly made even weeks earlier.

Of course, she may discover that she had erred in making the forbidding. In this case she should tell the child she made an error and that she is sorry.

**KNOW YOUR STATE**  
The forthcoming celebration of Pennsylvania Week by communities and business firms throughout the State, September 17 to 23, gives all of us an opportunity to realize the tremendous achievements and remarkable advantages of this old Commonwealth in which we have made our homes, no spot on earth has been the scene of more events that have changed the history of the modern world than Pennsylvania.

It was on our soil that free government was first begun, and practiced to set an example to all the nations, and it was also on our soil that the two decisive events of American history occurred—the survival of Washington's Army in the bleak winter of 1777 at Valley Forge, and the battle of Gettysburg.

Pennsylvania was the world's pioneer in the coal, petroleum, and natural gas industries, in the commercial manufacture of aluminum, and in radio broadcasting. The world's first successful steamboat was an invention of a Pennsylvania craftsman. Pennsylvania's forests and mines supplied our infant nation with the fuel energy for its first railroads.

Pennsylvania does not, however, depend upon its historic importance for its place in the modern world. With the largest known supply of anthracite and with vast bituminous fields, the State has always led our nation in its output of coal, coke and oil by-products. It produces nearly one-third of all the steel and iron of our nation. It leads in cement and stone. During the recent World War the Commonwealth equaled or surpassed the total production of Germany in the ferrous metals and had an output greater than that of any other nation or empire in the world. It is first in America in fifty types of manufacture including many of the most important textiles. It is one of America's great agricultural states with America's second largest rural population. It has also two of the nation's ten largest cities and has more small cities and towns than any other state.

Pennsylvanians are modest people and are usually content to let these facts speak for themselves, but it can do us no harm for a little while to tell ourselves and to tell the world how remarkable in so many ways are the 45,000 square miles of the Keystone State in which we earn our living and take our pleasures.

**So he's an electric eel, so watt?**  
All right, then, he e-el-y isn't an eel at all, if you want to be technical. His name's Electrophorus (Gymnotus) Electricus — Jim for short. He's a South American cousin of the carp and catfish.  
Maybe Jim does pack a wallop of 600 volts when he's hungry or annoyed (and he has a shocking temper!) — BUT —  
Can he wash 3 tubs of clothes?  
Or tell the correct time for 4 days?  
Or light a hundred-watt bulb for 3 hours — for a penny?

**Philadelphia Electric Company**  
You bet he can't. He's not usefully eel-ctrified. Frankly, you'd better flip a switch if you want convenient, dependable electricity — all you need — at low cost.  
And speaking of low cost — did you know that the average family is getting twice as much electricity for its money as it did 20 years ago? That's no accident — like Jim — and his temperamental voltage. Folks in this company have done a good job under sound business management. That's why your electric service is lower in cost — and higher in efficiency — than ever before.  
Enjoy "THE SUMMER ELECTRIC HOUR" with Anne Jamison, Bob Shanley, The Spartans, and the Ardmore Orchestra Every Sunday afternoon, 4:30, Eastern Daylight Time, CBS Network.

C., is able to bring readers this weekly column on problems of the veteran and serviceman and his family. No replies can be made direct by mail, but only in the column which will appear in this newspaper regularly.

## Method of Paying Off Insurance Compensation

There has been considerable confusion as to the method of payment of insurance. The original law provided that the insurance policy would not be paid in one lump sum.

The amendment approved on August 1, 1946, however, gives the beneficiary the privilege to elect within two years the refund life income settlement in which event an appropriate adjustment will be made to take into account the payments already drawn by the beneficiary.

It is the duty of the Veterans' administration to notify beneficiaries who are eligible for his privilege by registered mail some time before August 1, 1947.

Those who are eligible should study all plans carefully. While the lump sum payment may seem advisable at the time, future needs must be considered. In many cases it will be to the beneficiary's benefit to receive the monthly payments, for from three to twenty years.

This is a matter that should be handled by each individual according to his needs. The local Red Cross will be glad to go into the various plans. Before determining which method of payment to accept, it would be well to consult the Red Cross as well as banker or other party who is well informed on the various merits of each plan.

**Questions and Answers**  
Q. I am a widow. My son was killed in action December 2, 1943. At that time he was married. Now his wife has remarried and I want to know if she can receive his pension. If she cannot, please let me know if I can get just how much I get in touch with the right person?—Mrs. M. I. K., Baltimore, Md.

A. Your son's wife forfeited her widow's pension when she remarried. But even though she had not remarried and was receiving the pension, if you are a dependent parent you are entitled to a pension of \$50 per month. Suggest you contact the Veterans' administration office at 1315 St. Paul Street, Baltimore and give them all the details.

Q. I have a son in the service. He has served over 15 months in the army. I have sent in my forms and all of the children's birth certificates and still haven't received any family allowance. Can you help me in this?—Mrs. E. C., Lindsay, Okla.

A. Suggest you write your son and ask him to see his commanding officer about his allotments. Also write to the Office of Dependency Claims, War Department, Newark 2, N. J., giving all details.

Q. My son has served six months in the Navy reserve and is now getting discharged. I have been told that according to the new draft bill anyone who has had six months of service will not be drafted in the army. Is this true?—Mrs. E. S., New Lenox, Ill.

A. Yes, any person of draft age who has served in either branch of the armed services for six months, or who has seen overseas duty, is not eligible for redraft under selective service.

Q. I have been advised that since I was a member of the regular army and completed two full enlistments (six years) I should be entitled to three years' enlistment bonus. I enlisted October 2, 1939, and was discharged November 17, 1945. I would appreciate information where I should make application for this bonus, if I am entitled to it.—P. W. W., Denver, Colo.

A. The army says that if all the period you served was honorable service and only if you had re-enlisted prior to February 15, 1946, you would be entitled to re-enlistment bonus.

Q. I am a veteran. I have been discharged nine months now. We are expecting a child in December. Is my wife entitled to get maternity care from the government as it was during the war?—A. veteran, Oklauchee, Wis.

A. No.  
Q. If the government pays a veteran so much a month for farming, will it be deducted from any future bonus he might receive?—C. W. T., Chatham, Va.

A. No.  
Q. I have a friend who is aboard the USS Doyle (DSM-34) and I would like some information about where the ship is at the present time.—B. M. W., Joliet, Ill.

A. The navy department says that the USS Doyle is at San Francisco as of August 15, 1946.  
Q. Has Company H.S. 2807 Engineers G.S. Battalion, APO 246 arrived in the United States. Can you tell me when it will arrive?—K. J. B., Rocky Mount, N. C.

A. The Navy says that the 2807th Engineers are at Guam and there is no word on when they will arrive.

## World War II Vets Win Post Election

SEYMOUR L. GREEN

World War II veterans won an overwhelming victory in the election of new officers of the Bala-Cynwyd Post of the American Legion held Tuesday in the Post home, Sutton Rd., Ardmore.

Seymour L. Green, Ardmore attorney and veteran of four years Army service, was elected commander of the Post. He held the rank of captain when discharged. Other officers elected were: senior vice-commander, Dr. A. H. Bahler; junior vice-commander, Arthur Ramsay; finance officer, John Cullum; adjutant, Richard Kromer, (all World War II veterans); chaplain, the Rev. J. Gillespie Armstrong; historian, Frank C. Royer, and Anthony Tinaglia, sergeant-at-arms.

Post members elected to the executive committee were: William Pavillard, S. J. DePizzo, James Rightmire, (all World War II veterans), William Lloyd, Dr. Douglas MacFarlan, Christopher Jensen, William J. McCreary, and J. Ryan, Clifford Shawnee, and Meade Smith.

## GOP Veterans League Of Del. Co. Organizes

## R. F. C. Establishes New Mortgage Co.

A market for veterans' home loans that have been guaranteed or insured by the Veterans' Administration has been established by The RFC Mortgage Company, an affiliate of the Reconstruction Finance Corporation. These loans will be purchased only from the original lenders, and must conform to certain general requirements of the company.

This action is being taken because many private financial institutions have indicated that in order to continue making loans to veterans for the purchase or construction of homes they must have a dependable market, where, if necessary, they can sell the loans. The RFC Mortgage Company will not itself make any loans to veterans for the purchase of a home. Such loans to veterans will be made by banks or other lending institutions.

J., President of St. Joseph's College, announced this week that facilities of the evening division of the college have been expanded to include degree work for veterans eligible for college study under the GI Bill of Rights.

## Ex-Marines Eligible To Join Reserves

Ex-Marines who have served in aviation have an opportunity of retaining their affiliation with the Marine Corps on a part time military basis by joining the Marine Corps Reserve Aviation Unit located at the U. S. Naval Air Station, Willow Grove.

The Organized Reserves hold week-end flight periods twice a month. Each flight period is of four hour duration and constitutes two pay drills. An annual two week active duty period will probably be held at the Air Station except that when possible it may coincide with maneuvers and be made part of such activity. At the present time there are vacancies open for Reserves who wish to go on active duty as station-keepers (aviation ground crews).

# Lower Merion, Haverford High Open Football Season Saturday

## MAROON GRIDDERS PLAY W. PHILLY AT ARDMORE; BARTRAM AT HAVERFORD

### Speedboys Seeking First Victory Over Maroon Machine

West Philadelphia High's Speedboys will invade Lower Merion's Ardmore field Saturday afternoon as the Main Liners inaugurate a 10-game football schedule.

It will be Lower Merion's fifth clash with the Public League contenders and the locals never have lost to West Philly. The first game ended in a 13-13 standoff. Lower Merion captured the three succeeding contests.

Admitting that the team has shown improvement, but still far from satisfied with its progress, Coach Dick Matley yesterday announced a tentative starting lineup. Only two regulars from the 1945 team will be available.

Captain Dave Maroney will start at center and Len Shephard, one of the team's most sensational performers in 1945, at right half-back. Dick Matley, son of the coach, and Frank DiPavio, who alternated at guard last year, were expected to be on opposite sides of the line Saturday.

Mike Denilio also was scheduled to see action at one of the guard spots. Ed Strobach and Spencer, members of the Junior Varsity team last year, were named for left and right end, respectively. Jim Haslam and Jim Barr have virtually clinched the tackle posts.

Don Townsend will start at quarterback, with Ben Stephens and Shephard at the halves. Glen Hoyer, who belatedly joined the team after spending the Summer at camp, will be at fullback.

Thus far, the Maroon machine has engaged in four scrimmages with Philadelphia district rivals. Lower Merion showed to Edgemoor against Berwyn and Episcopal Academy, but appeared weaker than Southern and West Catholic High.

### Mont-Del League Title at Stake in 5th Game Sunday

St. Margaret's, of Narberth, and St. Laurence's, of Haverford, will meet Sunday afternoon at Ardmore "A" field in the fifth and deciding game of the Mont-Del Catholic League title playoff series.

Ted Finn's St. Margaret's toilers triumphed Sunday to even the series 6-4, after dropping a 7-0 decision Saturday. Finn is expected to name either Al Becker or Bob Tabor for mound duties in Sunday's crucial clash, while either Jim McCabe or Tony Abate will pitch for St. Laurence's.

Becker, who pitched Ardmore to the Main Line League playoffs, was nicknamed for 14 hits Saturday in an unexpectedly rude reception. St. Margaret's collected eight off Abate.

On Sunday, Tabor toed the mound and gave up eight hits while striking out four. McCabe yielded 12 hits to St. Margaret's and was charged with runs in five of the nine innings. Tabor also helped his own cause considerably by whacking four hits.

### Lyons On The Links

By MARTY LYONS  
Llanerch Country golf pro and president, Philadelphia PGA

Most golfers manage, at one time or another, to wind up in trouble, be it woods, sand traps, creek banks or any of the other woes which beset both amateur and professional players. Winds also can play havoc with many woods and iron shots and the golfer who aspires to tournament play or consistently low scores on all kinds of courses might do well to practice against the briskest of breezes.

Most of the seashore courses and many of the Western links are "air conditioned"—by that I mean high winds often sweep across the fairways and rough golfers not familiar with how to overcome or offset them.

With the wind blowing from left to right, I recommend a controlled hook. For this, I use a hook grip, with the left hand more on top of the shaft. Close the club face slightly and keep it that way throughout the swing. I pivot more, swing slower and flatter and try to keep my left hand flexible for a controlled hook.

When the wind is sweeping in from the right, it's best to use a weaker left hand. The V of the right thumb and forefinger points toward the left shoulder. Open the clubface and keep it that way throughout the swing.

### Injuries May Handicap Fords as Stinson Starts 6th Season

Haverford High will open its 1946 football season Saturday afternoon, playing John Bartram High for the first time. The game will be staged on Haverford's Brookline field.

It will mark Bill Stinson's sixth season as Haverford head coach. The Ford's talented tutor first came to Haverford 17 seasons ago and acted as assistant to Allie Cornog until 1941.

Minor injuries threatened to hamper the Haverfordians as Stinson drilled his huskies this week. Most common ailments were ankle injuries and charley horses. Haverford, in tuning for the inaugural, scrimmaged Chester and Swarthmore High and last Tuesday met Ridley Township. The Fords held their own with a high-ly-regarded Chester team, but surprisingly were kicked around by a green Swarthmore eleven.

Stinson still was undecided upon his starting lineup last night and only three Fords were certain of their positions. All were starters last season. The trio included Captain Ed Williams, left tackle; Bob Seiber, left halfback; and Right Guard Claude Gabriel.

The end positions seemed certain to cause Stinson his biggest headache. Either Bruce Stratton or Jack Morrison was scheduled to start at left end, with Bill Pittinger or Daniels on the right wing.

Pairing with Williams at right will be Rankin Thompson, member of last year's junior varsity. Bob Leyburn or Pyott were likely choices for left guard, with Gabriel slated to start on the right side and Bill Smith at center.

In the backfield, Charles Fall was named at quarterback with Seiber and Roy Gelpke at the halves and Phil Donatelli, fullback. Originally, 185-pound Charlie Anderson was slated to start at full, but Donatelli's superior drive and spirit earned him the job.

### Ailing G. I. Enters Langhorne Stock Car Races Sunday

A war veteran who was so badly wounded that he has to have his leg bolted to the clutch pedal will be among the contestants in the 100-mile national championship circuit stock car race at Langhorne Speedway next Sunday.

He is Red Byron of Anstam, Ala. Red was so badly wounded at Attu that, for a time, the Army doctors feared they would have to amputate his leg. They finally saved it, crippled as badly as it was.

Today, Byron is riding in competitive auto racing again, crippled leg and all. When Red climbs into his car he wears a special attachment on his shoe. This is bolted to the clutch pedal. It's the only way he can drive.

Byron won the 75-mile dirt track championship of Florida on Jan. 21, bad leg and all. He also won a 150-mile beach road race at Daytona Beach, Fla. In more recent race at Allentown he was riding second when he blew a tire. His car turned over. Not once, but several times, but he fortunately escaped injury.

## Narberth, Drexel Hill Resume Main Line Playoffs Saturday

With nothing gained over the past weekend other than to prove that the teams are evenly matched, Narberth and Drexel Hill will make another attempt to decide the championship of the Main Line Baseball League Saturday and Sunday at Narberth.

After breaking even in the opening games, either team can gain a notch in the title race with a pair of victories this weekend. League officials have decided to play a seven, instead of a five-game title series.

Narberth, which led the league most of the season and finished in first place, is very fortunate not to be behind the eight ball today. The Boroughites, coming from 'way back, had to score three runs in the last half of the ninth to beat the Hillers, 5-4, in the opener.

Irrked at having what appeared to be a sure victory slip away, Drexel Hill made certain it wouldn't happen again by scoring eight enormous runs in the second inning of the second game to coast to an 8-5 decision.

Jack Williams, who probably will pitch for Narberth Saturday, got the decision in the opening game while allowing the Hillers seven hits and fanning four. Cliff Williamson was a surprise pitching choice for Drexel Hill and he would have upset the dope had he not weakened in the ninth.

Williamson opened the ninth by walking Tony Bonder and then Bob Yeasberry slapped a line drive homer to right center to put Narberth back in the game.

When Cliff also walked Williams, he was removed in favor of George Seiber. Ott promptly beat out a fumbled grounder and after Arnone's scratch single filled the bases Seiber walked Al Shuckman to force home the winning run.

Jack Creany, who probably will be held back for Sunday's game, won a fairly easy winner for Drexel Hill in the second game. The ace of the Hiller staff kept Narberth's nine hits well scattered except in the sixth when he gave up three safeties, including a home run over the left-center field fence.

When Walker went down swinging before Cliff Williamson in the second game, he rumbled that it was the first time a right hander had struck him out swinging since 1933. When Williamson repeated the feat the next time Walker faced him the veteran first sacker, playing in his 10th title series, was ready to admit he might be getting older.

Jerry McCarthy, Narberth's slugging outfielder, missed Saturday's game because of Penn football practice at Hershey. He got two hits Sunday, one coming after he fouled off eight consecutive 3-2 pitches off Creany.

## Nunan-Slook Nine Splits Series For Delco Legion Title

Nunan-Slook Post No. 338, of Oakmont, split two games with Szymanski-Rywicki Post No. 546, of Chester, in their series to determine the Delaware County American Legion championship.

Nunan-Slook scored an overwhelming 6-0 triumph in the first game Saturday afternoon at Veterans Park, Brookline. But the Chester nine, Western Delaware County American Legion League title, won by 12-5 Sunday at Boothwyn to even.

The Oakmonters, who won the Eastern Delaware County American Legion League title, scored in the second, fifth and seventh innings to take the opener. Flannery hit a home run with two bases abroad for three runs in the fifth.

Bob Martin, ex-Haverford High pitcher, yielded only four hits while striking out six for his fourth victory in five American Legion starts.

Harsh, another former Haverford hurler, was the losing pitcher Sunday as Chester scored four runs in the first and five in the fourth to win out. Harsh was nicked for 13 hits, while his mates collected a like number.

## George Fonder to Be Langhorne Entry

George Fonder, of Lansdale, well-known big car and midgeut auto race driver, is an unexpected entry in the 100-mile national championship circuit stock car race to be held Sunday afternoon at Langhorne Speedway.

The event, a wartime casualty for four years and last held at Langhorne in 1942, is attracting entries from all sections of the country.

Among them are Buddy Shuman, P. E. Godfrey, and Glenn Dunaway, of Charlotte, N. C.; Red Byron, Anstam, Ala.; Roy Hall, Atlanta, Ga.; Eddie Jones, Cleveland, O.; Stark Start, of Baltimore; Pepper Cunningham, of Trenton; Ed Sample, of Atlanta, Ga.; Marshall Teague, and Bill France, Daytona Beach, Fla.

## Bob White to Lead Haverford Eleven

Bob White, former Haverford High athlete, has been named by Coach Roy Randall to lead the Haverford College football team this season. He is a former Army captain.

White, who played quarterback on Brown's famous "Iron Man" eleven in 1928, plans contact work for his squad next week. Bill Doherty is coaching the linemen in preparation for a seven-game schedule, including games with Drexel, Ursinus and Swarthmore.

## Sports Scene

By JACK FORD  
Dr. Irwin R. Demar, Llanerch dentist and sports enthusiast, protests long and loudly the fact that Drexel Hill is engaging in all its Main Line League playoff games at Narberth.

Dr. Demar, who assisted Eddie Hare with direction of the Brookline baseball team last season, asserts that the transfer of all title games to Narberth violates the Main Line League constitution.

He also says it is a great injustice to Drexel Hill fans who faithfully supported Joe Irvin's team all season. And it appears Dr. Demar has some basis for his complaints.

Dr. Demar's letter follows:  
Sept. 14, 1946.  
Dear Sir:  
In view of the switching of all Main Line League dual playoff games to Narberth, may I as a rooter for Drexel Hill have my say in the matter?

Joe Irvin, manager of the Drexel Hill team, speaks of the benefits and comfort for both spectators and players.

Does he take into account the people who supported his team all year whose only means of transportation was walking or a simple bus ride? Will he provide the means for these people to get to the Narberth playing field and also the seating arrangements whereby they all sit together, as they have for the entire playing season at Drexel Hill?

Was the transferring of all games to Narberth the act of a true sportsman or the action of a group of mercenary little men to extract every nickel possible no matter what the fans of Drexel Hill might wish?

The constitution of the Main Line League in its first article states as its purpose "to promote and provide clean, healthful outdoor recreation for the communities in this district."

The outdoor recreation of what community is the Drexel Hill manager promoting in the action he has taken? I have nothing against Narberth, in fact I think it is a swell place to live, but why should anything beneficial belonging to Drexel Hill and surrounding communities be taken away for the sake of a few paltry additional dollars?

In Article VIII of the league constitution it specifically states that "playoff games are to be played on ALTERNATE fields, making allowance for a deciding game if necessary." Nowhere does it state that all playoff games be played on any one field for any reason whatsoever.

Could I but have any say in the Drexel Hill group that had granted permission for the team to use its field, I would immediately rescind that permission for lack of appreciation, and in view of the great wrong done sports lovers of Drexel Hill and surrounding communities.

As for the silly reason given by Joe Irvin for switching the games, does he think so naive as to believe it?

**McKee Sisters, Cynwyd Twins, Wed Saturday**

Miss Margaret Theresa McKee, daughter of Mr. and Mrs. William J. McKee, of 208 Delmont Ave., Ardmore, became the bride of Patrick J. Gallagher, son of Mr. Patrick J. Gallagher, of 211 Ford Rd., Cynwyd, and the late Mrs. Gallagher, and her sister Miss Ann Rita McKee, was married to Patrick's twin brother, Francis P. Gallagher, on Saturday morning at 10 A. M., in St. Colman's Church, Ardmore. Father James Joseph McKee, Order Franciscan Minor, brother of the brides, performed both ceremonies. He was assisted by the Rev. William L. O'Connell, of Downingtown, cousin of the brides.

The brides were both given in marriage by their father were gowned alike in white brocade satin dresses, made with sweetheart necklines, long fitted bodices, long tight pointed sleeves and full skirts ending in long trains. Their finger-tip length tulle veils were fastened with tulle crowns and orange blossoms, and they carried white prayer books and orchids.

The sisters acted as each others maid and matron of honor, and the twin brothers were best men for each other. Both couples had the same wedding parties.

The bridesmaids were Miss Catherine Kelly, of Ardmore; Miss Anne Diener, of Merion; Miss Betty Spohn, of Bryn Mawr; and Miss Catherine Gallagher, of Cynwyd. There were two flower girls, Cathie Anne McKee and Mary Catherine Carey, both nieces of the brides.

The attendants wore gowns of royal blue chiffon velvet, featuring high neckline, cape sleeves, fitted bodices and full skirts with trains. Their half hats matched their gowns and they carried bouquets of fall flowers. The flower girls carried baskets of the same flowers.

The ushers included John Gallagher, brother of the brides; John McKee and Charles McKee, brothers of the brides; and Rene Soret, of Bryn Mawr.

Mrs. McKee wore an aqua silk crepe dress with black accessories. Her small black hat was trimmed with white plumes and her corsage was of white gardenias.

A wedding breakfast at the home of the bride's parents followed the ceremony, and in the evening there was a reception. After a wedding trip, the couples will make their home together at 519 Woodbine Ave., Penn Valley.
